DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Bruce Huling on 01/22/04.

The application has been amended as follows:

- a. Claims 22-29
 - i. Delete numbers
101,102,103,105,106,107,108,110,112,113,114,115,302,507 and (126).

Drawings

2. The drawings were received on 10/10/03. These drawings are acceptable.

Allowable Subject Matter

- 3. Claims 22-29 are allowed.
- 4. The following is an examiner's statement of reasons for allowance: The prior art of record either singularly or in combination failed to anticipate or render obvious the

limitations of forming the drain region using two implant steps with different dopant concentration to form the drain region with a second laterally offset area as required by claim 22. In the examiners opinion, it would not have been obvious to one having ordinary skills in the art at the time the invention was made to form the drain region in the primary reference of Rumennik et al. using the method disclosed in claim 22.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Angel Roman whose telephone number is (703) 306-0207. The examiner can normally be reached on Monday-Friday 8:30am-6:00pm.
